Giuseppe Tile Corp.
1005 Westminster Avenue
Dix Hills, New York 11746

To Whom It May Concern;

I have known Giuseppe Tile Corp. for over eight years. I was first introduced to Giuseppe in South Hampton, NY in May 1995 during a renovation of a 100-year-old home in Watermill, NY. His keen sense of detail and ability to work with other contractors and traders is what impressed my wife and me. His knowledge of both his field and there he worked with proved an important component in coordinating all of the various disciplines. He coordinated with both architects, designers and traders. His work is impeccable. He paid strict attention to detail and often times shared valuable information to facilitate the project along.

I have also used him and his company exclusively in building five dental practices in Manhattan. He has always been competitively priced, works in a clean environment, and is highly reliable. I have always found him and his employees to be trustworthy and focused on the project at hand. I would strongly recommend his services to both residential and commercial applications.

Sincerely,
David T., DMD
